

NAILFOOD®

Nourishing • Regenerating • Strengthening

nail care for all types of nail conditions

- dry • damaged • peeling • splitting •
- weak • dehydrated •
- brittle • fragile • soft • hard •

-Breakfast, lunch and dinner for your nails-

NAILFOOD® is a 100% Vegan Natural Product.

NAILFOOD® is a combination of virgin oil from Sesame seeds, essential oil of Myrrh, and Lavender. Sesame conditions the nail and the cuticles. Myrrh and lavender creates an environment which inhibits the growth of fungi and bacteria and also stimulates the blood circulation.

NAILFOOD® has an ability to deeply penetrate the skin and the nail plate due to its consistency of small molecules.

THIS UNIQUE, QUICKLY ABSORBING FORMULA WILL DO THE FOLLOWING TO YOUR NAILS:

- **restore balance & moisture**
- **promote strength & flexibility**
- **stop splitting & peeling**
- **encourage and stimulate nail growth**
- **create a non-friendly environment for bacteria & fungi growth**
- **protect and condition nail plate & cuticle**

EASY TO USE - FEED YOUR NAILS DAILY

On a clean natural nail - Apply one drop on nail bed and cuticle. Spread on all nails and massage it in by rubbing the nail plates against each other. Let NAILFOOD® soak into the nails. The oil will penetrate nails and skin and be absorbed by the natural nail. Wipe off any excessive oil alternately use a 3-way buffer to seal the nail surface. The nail is now prepared for nail laquering.

On polished nails or artificial nails - feed the nail with NAILFOOD® under the free edge and into the cuticles. Massage it in by rubbing the nail plates against each other. The oil will penetrate nail and skin and be absorbed by the natural nail.

Ingredients: Sesame, Lavender and Myrrh. Essential and vegetable oils.

Package: 10 ml (0.35 fl.oz) glass bottle - with dropper

Scratch is a Swedish company and trademark with 30 years on the hand- and nailcare market. The company was founded by Marie Houston 1985 with a focus on manicure and nail therapists educations and development of professional hand and nail care products for both professionals and end-consumers.
